

CUSTOMER SELF SERVICE TRAINING GUIDE

The main focus of this tool is to make it simple for you to place orders with our company, at any time of the day, when it is most convenient for you.

All screen shots in this guide are from the iPad version of the app but it works the same in a browser

Before we start, you should have been given the domain to which you need to browse, your username and your password to access your order entry system.

Once you have that info and have put it to use your screen should look like this...

The screenshot shows an iPad screen with a web browser open. The browser's address bar displays "cssdemo.step1.com/signin" and the page title is "Customer Self Service". The sign-in form is centered on the screen and contains the following elements:

- Sign In** (Section Header)
- Name:** Input field containing the text "chris".
- Password:** Input field with masked characters (dots).
- SIGN IN** (Submit Button)

Below the browser window, a virtual QWERTY keyboard is visible, along with navigation buttons labeled "Previous", "Next", and "AutoFill".

If you are using a browser and not the iPad of course you won't see the keyboard on screen.

Click the Sign In button and here we go!

The Welcome Screen...

Before we actually create an order lets cover what is here.

Welcome

Creating Orders

To begin an order, select an 'Items' button to start adding items to your cart. To place your order, first review your cart (the 'Cart' option at the top of each page), and then Checkout to place your order with us. When done, you can sign out through the 'Account' option at the top of each page.

***Questions?** If you have any questions about this self-service application, or about your account, please contact us.*

Items Buttons - adding items to an order

Customer Products - items that your company purchases from us.

Due to Buy - items marked as within 6 days of the next planned reorder date.

CMI Items - Customer Managed Inventory - items that you regularly purchase, stocked at your location.

Catalog Items - a subset of all the items we offer, selected based on our understanding of what you might need.

Inventory Items - the stock and non-stock items that we offer.

Items On Sale - just those inventory items that are currently on sale.

Customer Self Service

If you click on your account button in the top right you will see this drop down menu.

Pending Orders - shows you what orders you have entered into the system that have not yet been processed.

Open Invoices - shows any invoices that have yet to be paid.

Budget Info - shows your budget numbers with our company

Start Page - brings you back to the Welcome screen (shown above)

Help / More Info - brings you to short on screen instructional.

Sign Out - signs you out of the system and brings you back to the login screen.

Help / More Info

Getting Started

We are providing this on-line tool to improve our service to your company.

Entering Orders

The main focus of this tool is to make it simple for you to place orders with our company, at any time of the day, when it is most convenient for you. After you sign in, you will add items to a cart, and then turn that cart into an order.

You add items to your cart by selecting one of the 'Items' buttons, and then filling in the online forms that appear. After adding items to your cart, you can review your cart by tapping the 'Cart' button at the top right edge of the page. When you are ready, you can place your order by selecting the option to 'Checkout' and 'Place Your Order'.

Your cart will remain available until you place your order or until it has been left inactive for more than seven days. You can start an order in the morning, and come back and finish it at a later time.

Account Information

In addition to reviewing products and placing orders, you can also review account information such as Pending Orders, Open Invoices, Invoice History, Proof-of-Delivery Tickets, and Account Budgets. This account information is accessible by tapping the 'Account' button in the top right corner of each page.

How to Contact Us

Customer Self Service

7.35.0.2

To create an order Start by choosing an Item Button on the left. (In this case all we have chosen Due to Buy) This is a list of Items that you already buy from us regularly and are going to run out of by the time you order again..

The process to add items to the order is identical throughout most of the different Item sets on the left. The 1 that is different is CMI Items. CMI is Customer Managed Inventory. If you are using a program like this with us this is where you keep your stock levels where you need them.

When adding these items to the order instead of entering an order quantity you just enter the quantity you have on hand right now and it will figure out how many to order for you. Add to the Cart those items that you need and your done.
